Michaela was invaluable from beginning to end. She is a credit to Medical Prestige. I will recommend the organization, but also her services in particular. She has made a difficult decision regarding procedure a lot more organized and worry-free. Thank you!

I think about all of you all the time, my room and the people are always on my mind. It was quite an experience that I'll never forget. I hope I can come back sometime to see the rest of Prague and visit with you. Give my regards to Dr. Svoboda if you see him. I think I had several angels watching over me at the clinic and he was one of them (you were another!). I miss all of you. It's hard to believe that I've now moved on to my regular life and all the wonderful people at the clinic are no longer a part of my recovery. Thanks again for everything and being such a good friend and support person. It was more helpful than you'll ever know.

My experience with Medical Prestige was very positive. The staff is very professional, friendly, and helpful. Dr. Bouda did an excellent job. I had a facelift and blepharoplasty in November of 2007, and was so happy with the results. I would and do recommend him and his staff. They are great.

My experience with Medical Prestige was nothing but positive. I'm very happy with the surgery and the doctor, as I'm very demanding I never imagined it would fulfill my expectations.

I could have gone anywhere in the world for my cosmetic surgery. I chose Medical Prestige - and I couldn't be happier with the results!" The staff was friendly and helpful. I loved the clinic staff as well, and, of course, most importantly, I am completely satisfied with the results.

Many thanks for the excellent care! I feel years younger than before my surgery. The results of my procedures were fantastic. I want to thank everyone at Medical Prestige. Every person involved was amazing and helpful. I could not ask for anything better and I'm sure to recommend your services to others!
